

April 22, 1999

Mr. Jaffe;

I plus many others support the petition to ban the forced molting of layer hens. The "Henitentiary" you conduct is cruel, antiquated and inhumane. Also the 280 million male chicks who are shoved into plastic bags and suffocated or crushed to death is an abomination !!! EGG SUBSTITUTES FOR ME AND MY FAMILY AND FRIENDS as long as your cruel practices continue. Please re-think and respond please.
